Information

New generation of awnings with extra strong casing and LED strip under the cassette.

The Brustor B50 XL is the big brother of the compact B50. Thanks to the more robust cassette, the B50 XL is available up to 6 m wide and has a maximum projection of 3,50 m. Do you want to add even more atmosphere? You can add optional LED lighting in the arms or integrated in the cassette.

- Extra strong cassette
- Easy assembly with wall or ceiling bracket
- Max. 6 x 3 m or 5,50 x 3,50 m
- Optional LED in folding arms or under the cassette
